## **1. GENERAL FRAMEWORK**

### **1.1 PURPOSE**

The purpose of the NASA Equipment Management System (NEMS) Central Screening is to allow a user to view excess equipment via a web page. The data to support this web page is maintained in the NEMS Central database through mainframe NEMS Central processing.

This User's Guide is prepared for both the users and Automated Data Processing (ADP) personnel. Information described in the User's Guide will give a general picture of the system and allow easier access to the NEMS Central Screening for the users or ADP personnel.

### **1.2 ACCESSIBILITY**

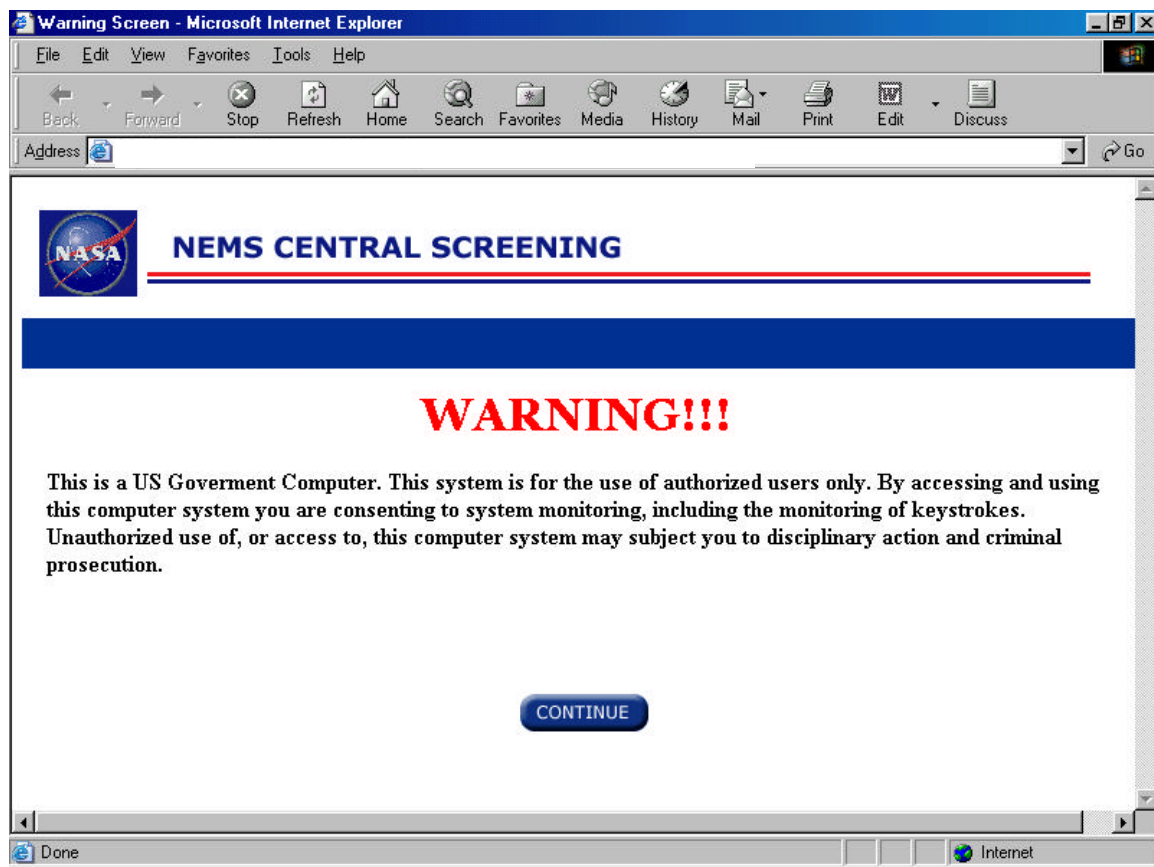

Users can access the NEMS Central Screening from the Sustaining Engineering Support for Agencywide Administrative Systems (SESAAS) home page under NEMS:

<http://www.msfc.nasa.gov:80/sesaas/nems/>

## 2. NEMS CENTRAL SCREENING PROCESSING

### 2.1 WARNING SCREEN

Upon invoking the NEMS Central Screening application, the Logon Warning screen appears (as shown below). This screen is displayed to warn unauthorized users of disciplinary action and criminal prosecution. The required action is to either click on the Continue button or the exit the browser.

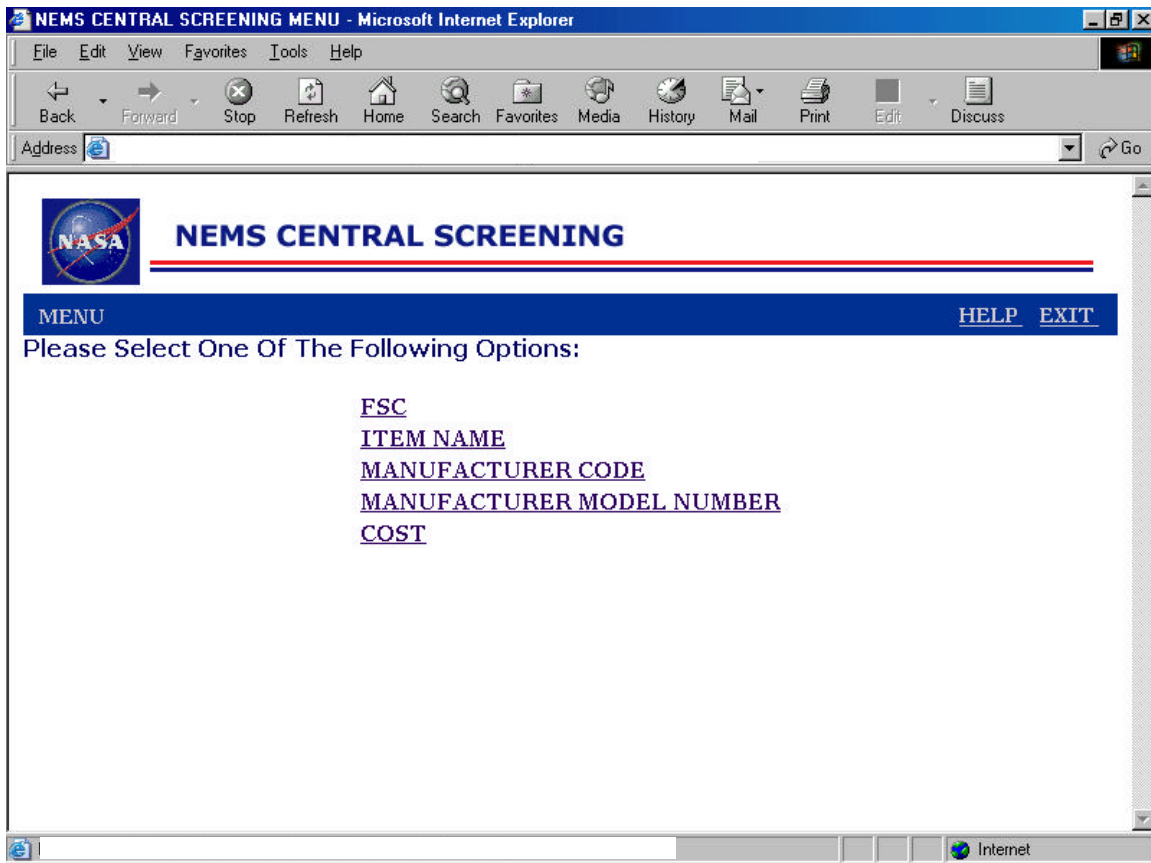

#### INPUT DATA

- Click the **CONTINUE** button. The NEMS Central Screening menu is displayed.
- Exit browser Exits NEMS Central Screening

## 2.2 NEMS CENTRAL SCREENING MENU

The NEMS Central Screening Menu (as shown below) displays the available options to select equipment. The options include listing equipment by FSC, Item Name, Manufacturer Code, Manufacturer Model Number, and Cost.

### INPUT DATA

- Click on one of the following options:
  - **FSC**
  - **Item Name**
  - **Manufacturer Code**
  - **Manufacturer Model Number**
  - **Cost**

### 2.2.1 FSC

Select FSC on the NEMS Central Screening Menu to display a screen that allows the user to enter a single FSC or a range of FSCs.

The screenshot shows a web browser window titled "FSC - Microsoft Internet Explorer". The address bar is empty. The main content area features the NASA logo and the text "NEMS CENTRAL SCREENING". Below this is a blue navigation bar with the text "FSC" and links for "MENU", "HELP", and "EXIT". The main form area contains the instruction "Enter a Starting FSC for a Single FSC Or Enter a Starting FSC and an Ending FSC for a Range:". There are two input fields: "Enter Starting FSC:" and "Enter Ending FSC:". Below these fields are three buttons: "Reset", "Submit", and "Download". The status bar at the bottom shows "Done" and "Internet".

#### INPUT DATA

- Starting FSC  
required  
must be entered for single FSC or range of FSCs
- Ending FSC  
optional  
must be entered for the ending value in the range of FSCs
- Click **Reset** button.  
This button will clear the values entered in the Starting FSC and Ending FSC fields.
- Click **Submit** button.  
The list of equipment for the FSC(s) will be displayed.
- Click **Download** button.  
A dialog box for downloading the selected FSC(s) is displayed.

### 2.2.1.1 FSC – Submit Single FSC

Enter a FSC in the Starting FSC field to display equipment for that FSC.

Enter Ending FSC: 7020

Reset Submit

Download

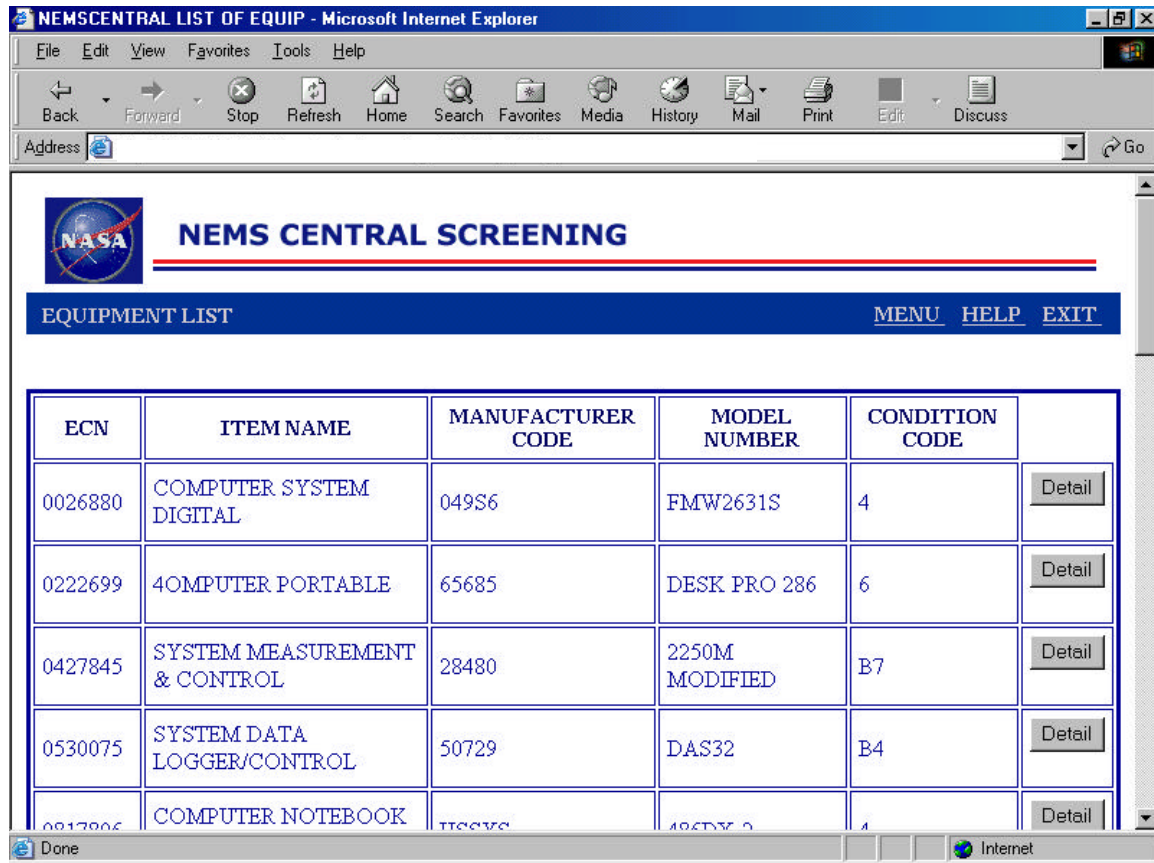

Done Internet

### INPUT DATA

- Starting FSC Must be a valid FSC
- Ending FSC Must be a valid FSC
- Click **Submit** button.

#### 2.2.1.2.1 FSC - Equipment List

The ECN, Item Name, Manufacturer Code, Model Number, and Condition Code for each piece of equipment that matches the selected FSC(s) will be displayed. For more detail about the specific piece of equipment, click on the **DETAIL** button.

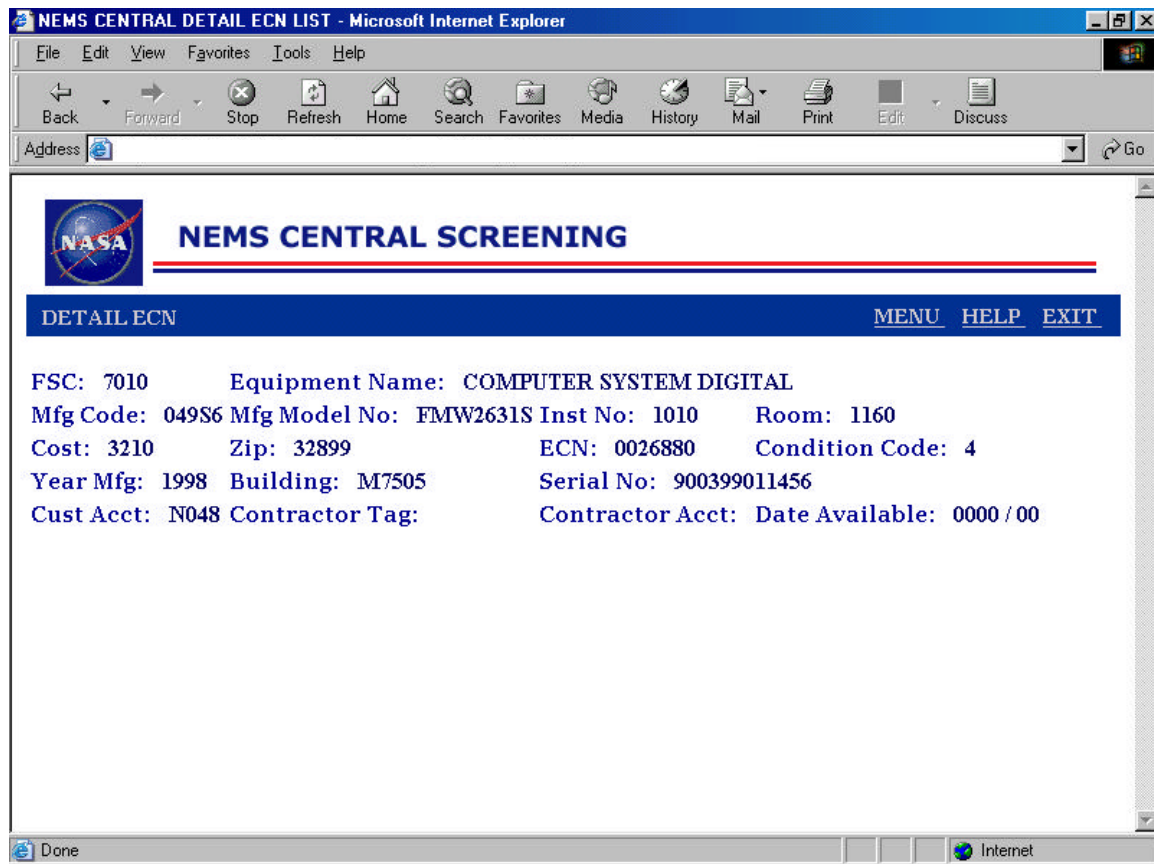

ECN	ITEM NAME	MANUFACTURER CODE	MODEL NUMBER	CONDITION CODE	
0026880	COMPUTER SYSTEM DIGITAL	049S6	FMW2631S	4	<a href="#">Detail</a>
0222699	4COMPUTER PORTABLE	65685	DESK PRO 286	6	<a href="#">Detail</a>
0427845	SYSTEM MEASUREMENT & CONTROL	28480	2250M MODIFIED	B7	<a href="#">Detail</a>
0530075	SYSTEM DATA LOGGER/CONTROL	50729	DAS32	B4	<a href="#">Detail</a>
0017806	COMPUTER NOTEBOOK	115556	486DX 2	4	<a href="#">Detail</a>

#### INPUT DATA

- Click **Detail** button.

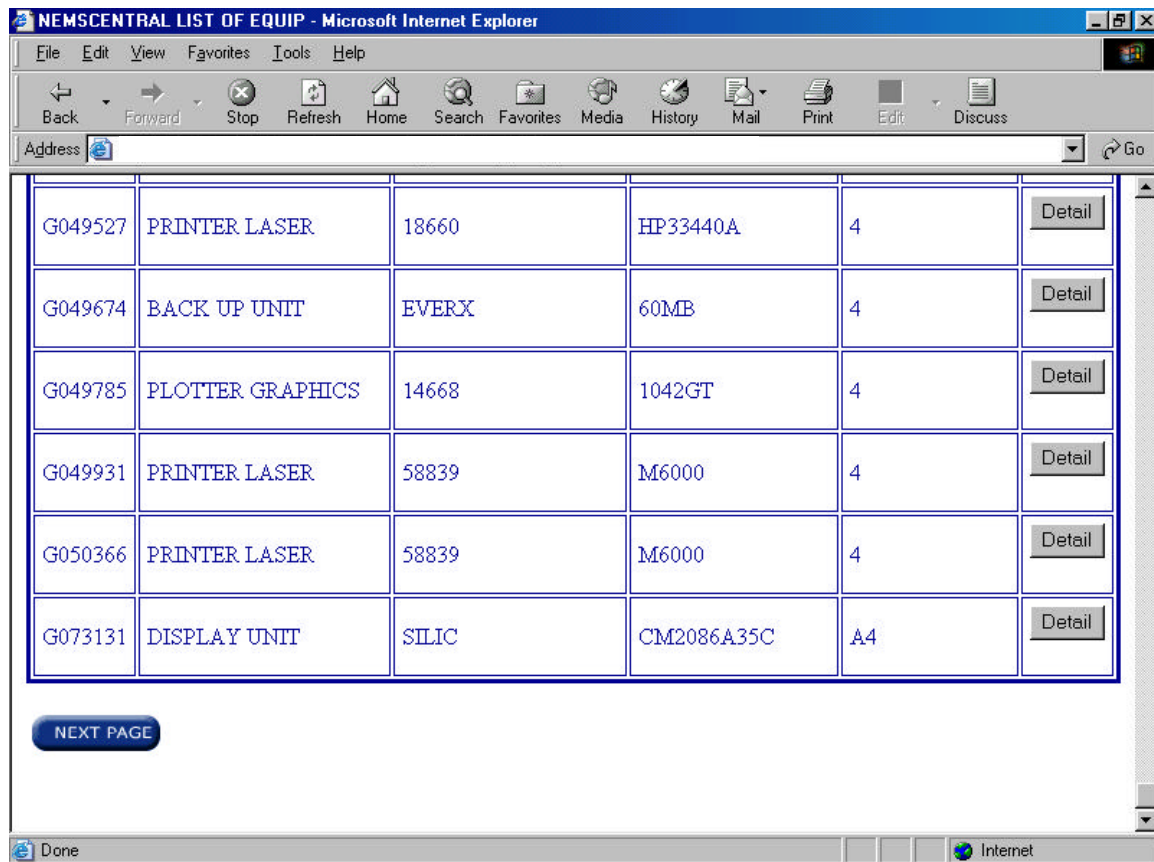

#### 2.2.1.2.1.1 FSC - Equipment List – Detail

The following are the fields displayed for the equipment detail: FSC, Equipment Name, Manufacturer Code, Manufacturer Model Number, Installation Number, Room, Cost, Zip Code, ECN, Condition Code, Year Manufactured, Building Number, Serial Number, Custodian Account, Contractor Tag Number Contractor Account Number, and Date Available.

### 2.2.1.2.1.2 FSC - Equipment List – Next Page

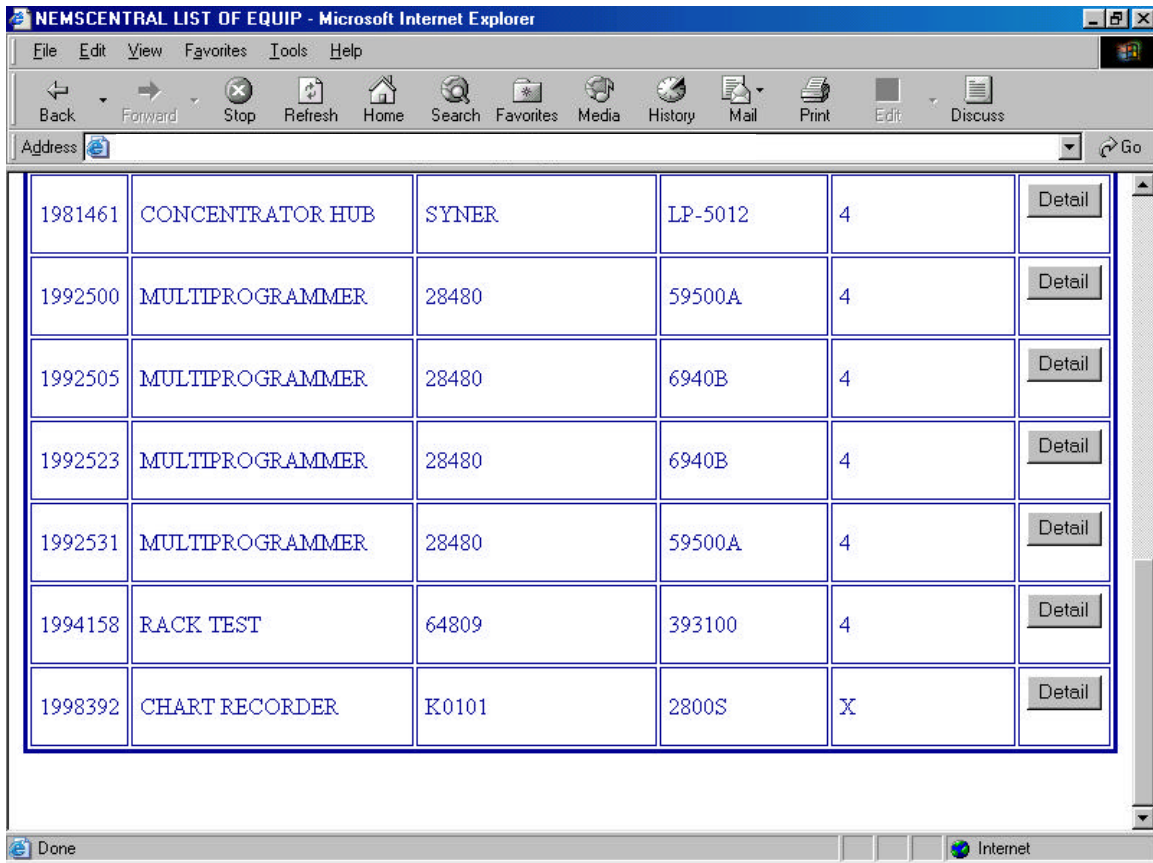

Scroll to the bottom of the page. If more than 169 pieces of equipment meet the selection criteria then the NEXT PAGE button will be displayed at the end of the equipment list. By clicking the NEXT PAGE button, the user can display the next page of equipment starting with the next ECN.

### INPUT DATA

- Click **NEXT PAGE** button. The next page of equipment is displayed.

When all the equipment has been displayed, the NEXT PAGE button will disappear.

1981461	CONCENTRATOR HUB	SYNER	LP-5012	4	<a href="#">Detail</a>

1998392	CHART RECORDER	K0101	2800S	X	<a href="#">Detail</a>

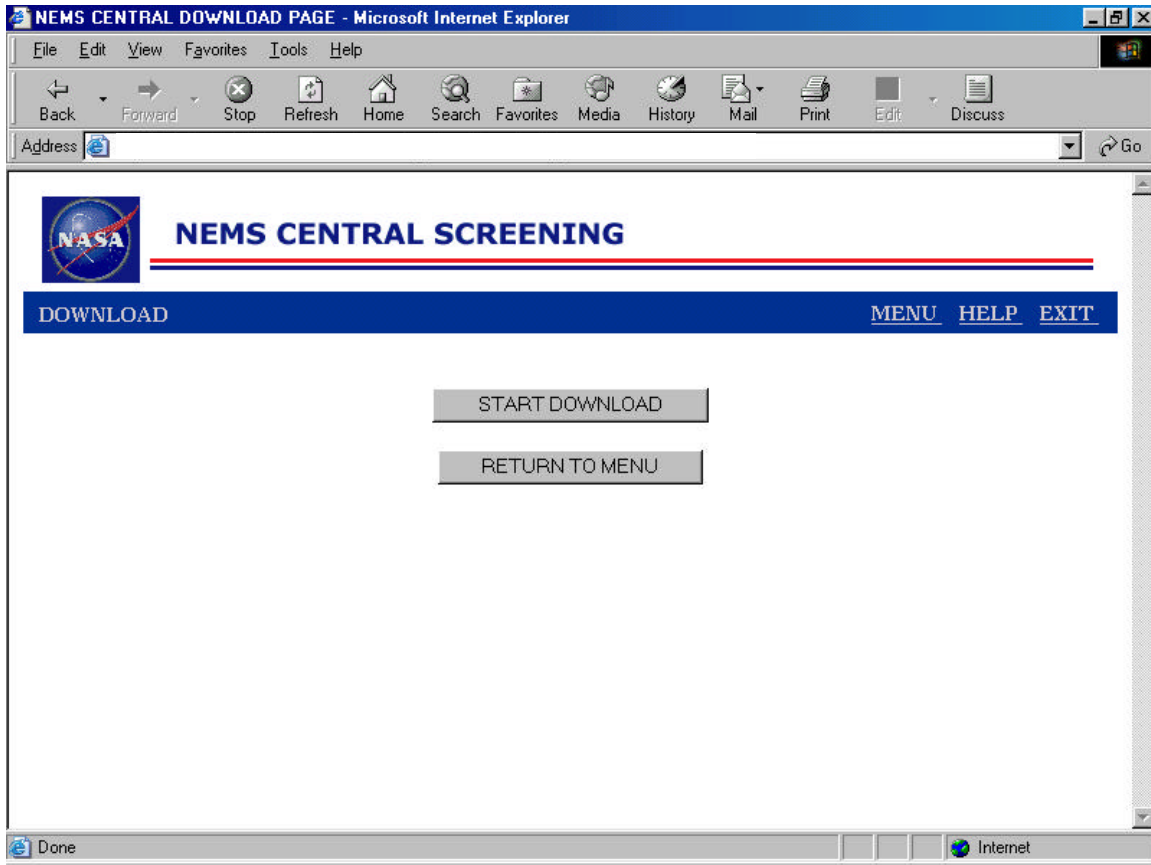

#### 2.2.1.2.2 FSC - Download

Clicking on the DOWNLOAD button will allow a user to download the selected equipment.

The screenshot shows a Microsoft Internet Explorer window titled "FSC - Microsoft Internet Explorer". The address bar is empty. The main content area features the NASA logo and the text "NEMS CENTRAL SCREENING". Below this is a blue navigation bar with "FSC" on the left and "MENU", "HELP", and "EXIT" on the right. The main form area contains the instruction "Enter a Starting FSC for a Single FSC Or Enter a Starting FSC and an Ending FSC for a Range:". There are two input fields: "Enter Starting FSC:" with the value "7010" and "Enter Ending FSC:" with the value "7010". Below these fields are "Reset" and "Submit" buttons. At the bottom of the form is a "Download" button. The status bar at the bottom shows "Done" and "Internet".

#### INPUT DATA

- Starting FSC required  
must be entered for single FSC or range of FSCs
- Ending FSC optional  
must be entered for the ending value in the range of FSCs
- Click **Download** button.

## INPUT DATA

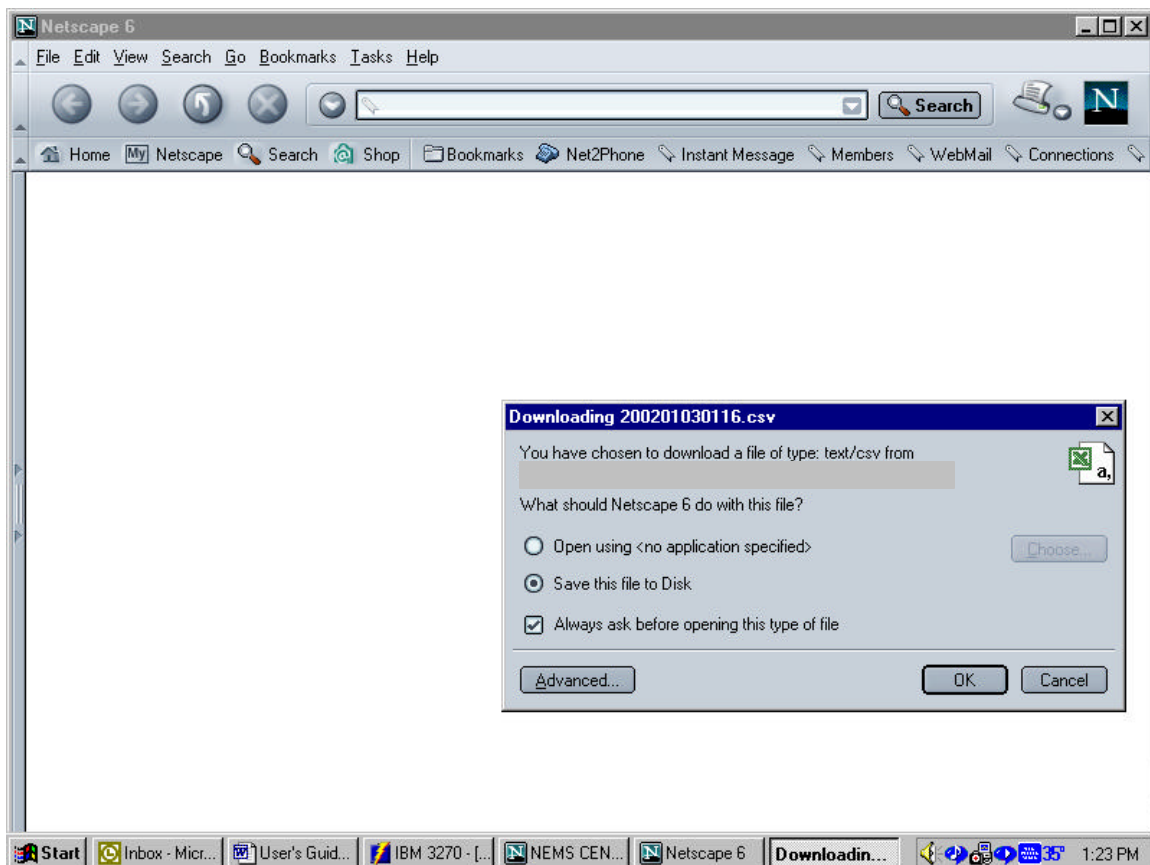

- Click **START DOWNLOAD** button. A dialog box for downloading the file is displayed.
- Click **RETURN TO MENU** button. The NEMS Central Screening Menu is displayed.

#### 2.2.1.2.2.1 FSC - Download – Start Download

Select Start Download on the Download screen to start the download process. This example of the download is using Netscape Navigator 6.0.

After the download has started, a dialog box will be displayed asking the user what they would like to do with this file. If the Open Using <no application specified> is chosen, a file with the equipment list will be opened. If the Save this file to disk is chosen, the file is saved to a specified location.

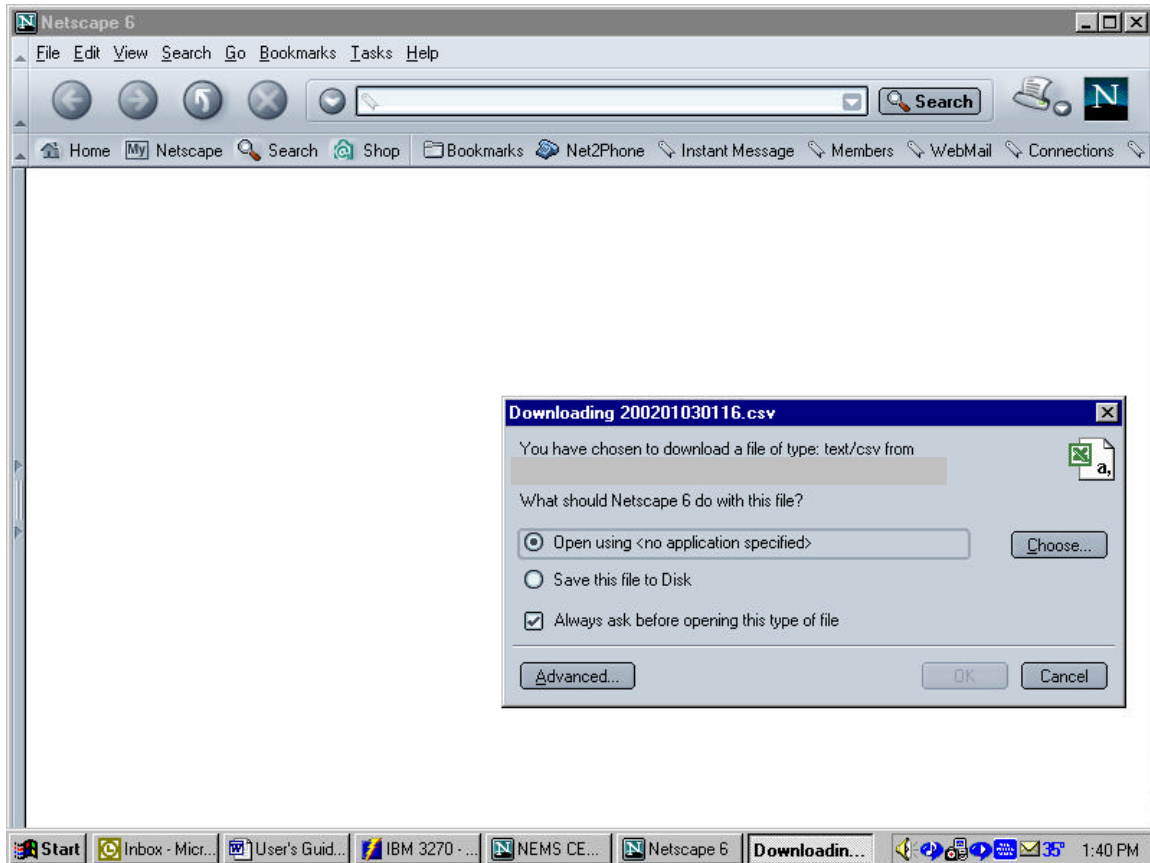

#### INPUT DATA

- Select either of the following options:
  - **Open Using <no application specified>**
  - **Save this file to disk**
- Click the **OK** button.
- Click the **Cancel** button. This will cancel the download of the selected equipment.

#### 2.2.1.2.2.2 FSC - Download – Open Using

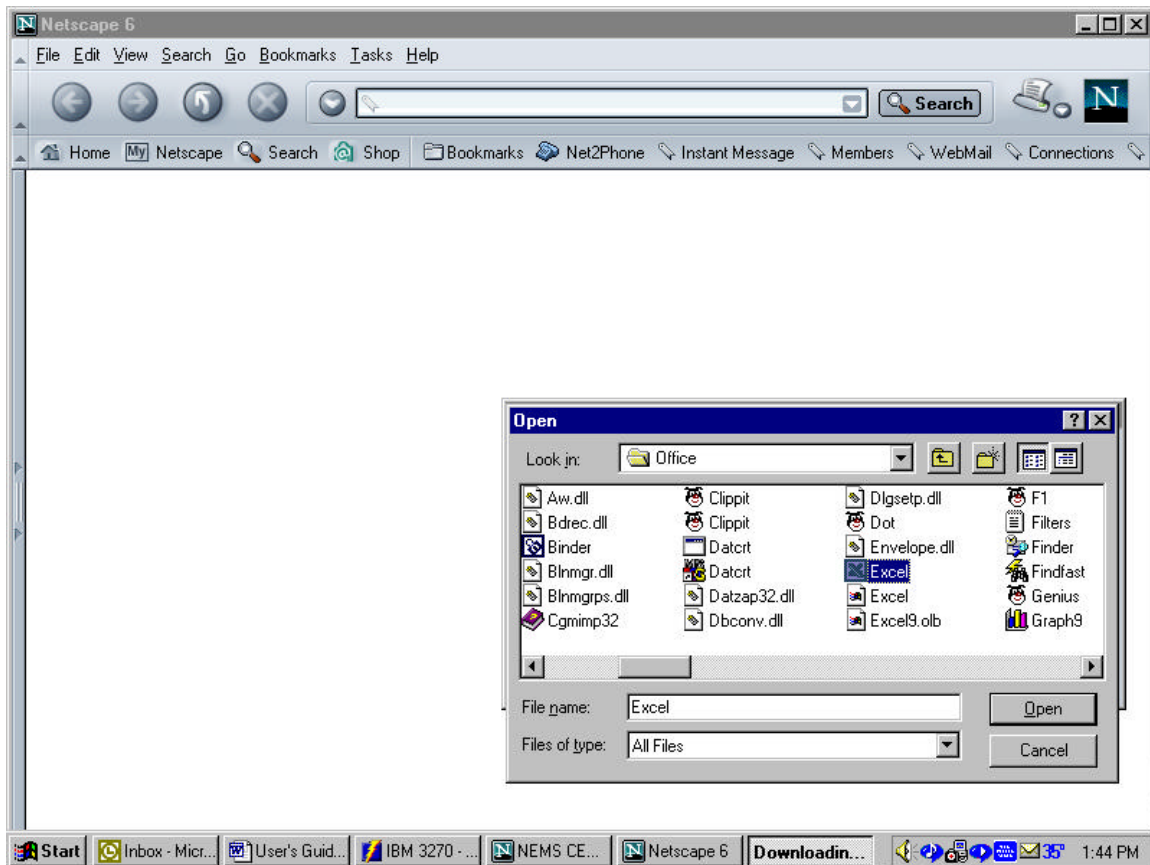

Select the Open Using option to open the file.

#### INPUT DATA

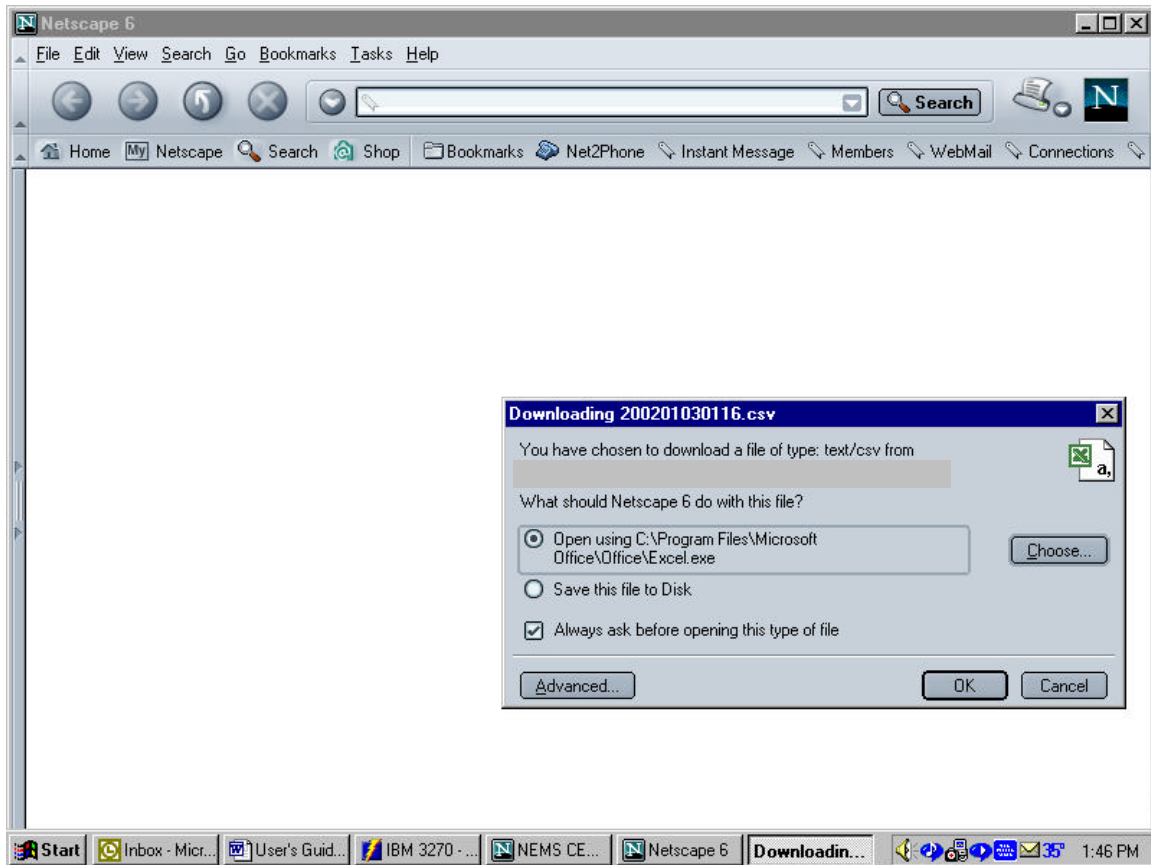

- Select the Open Using <no application specified>.
- Click the **Choose** button.
- Click the **Cancel** button. This will cancel the download of the selected equipment.

Select an application (such as EXCEL) to open the file.

## INPUT DATA

- Select the application (i.e. Excel)
- Click on the **Open** button.
- Click the **Cancel** button. This will cancel the download of the selected equipment.

## INPUT DATA

- Click on the **OK** button.
- Click the **Cancel** button. This will cancel the download of the selected equipment.

NUM

To save this file, the user must select File, and then select SAVE AS. The user must select the location in which to save the file.

#### 2.2.1.2.2.3 FSC - Download – Start Download – Save this file to Disk

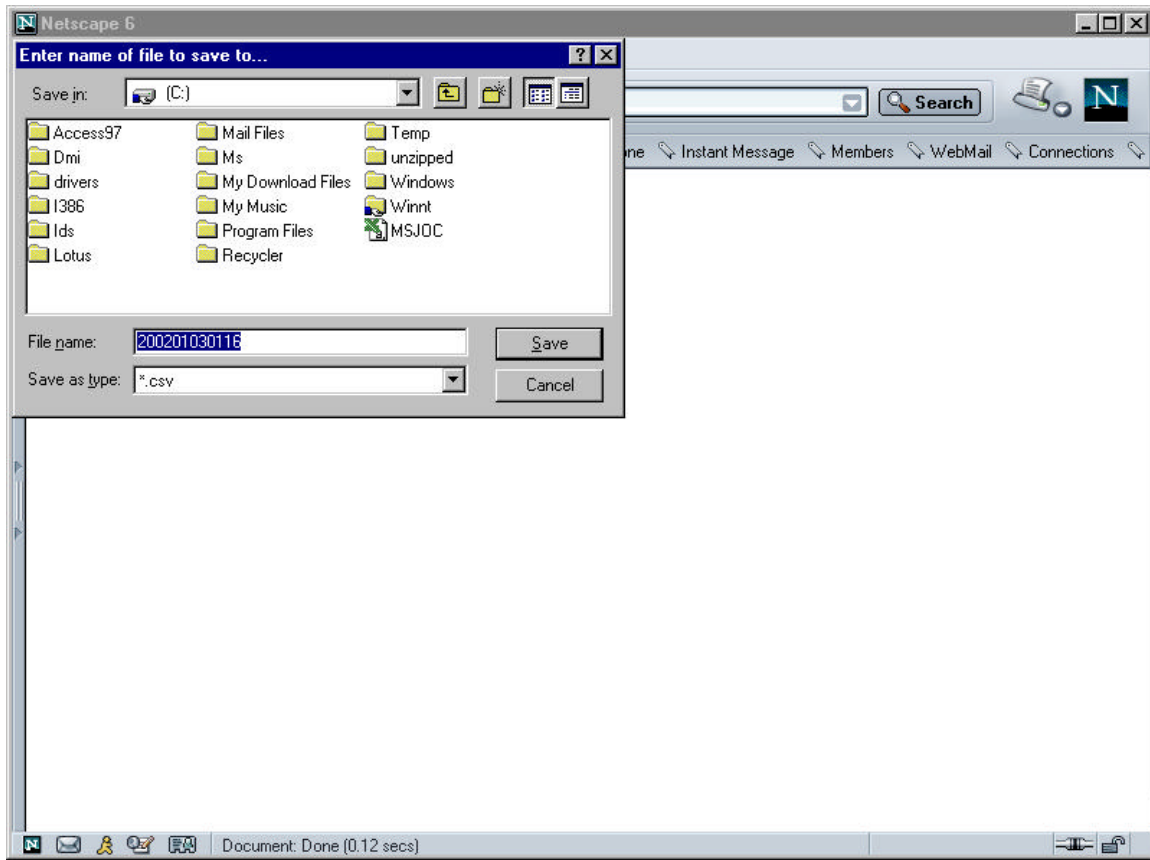

Select the Save this file to disk option to save the file.

If the Save this file to disk option is chosen, then another dialog box will be displayed giving the user the option of where to store the file.

#### INPUT DATA

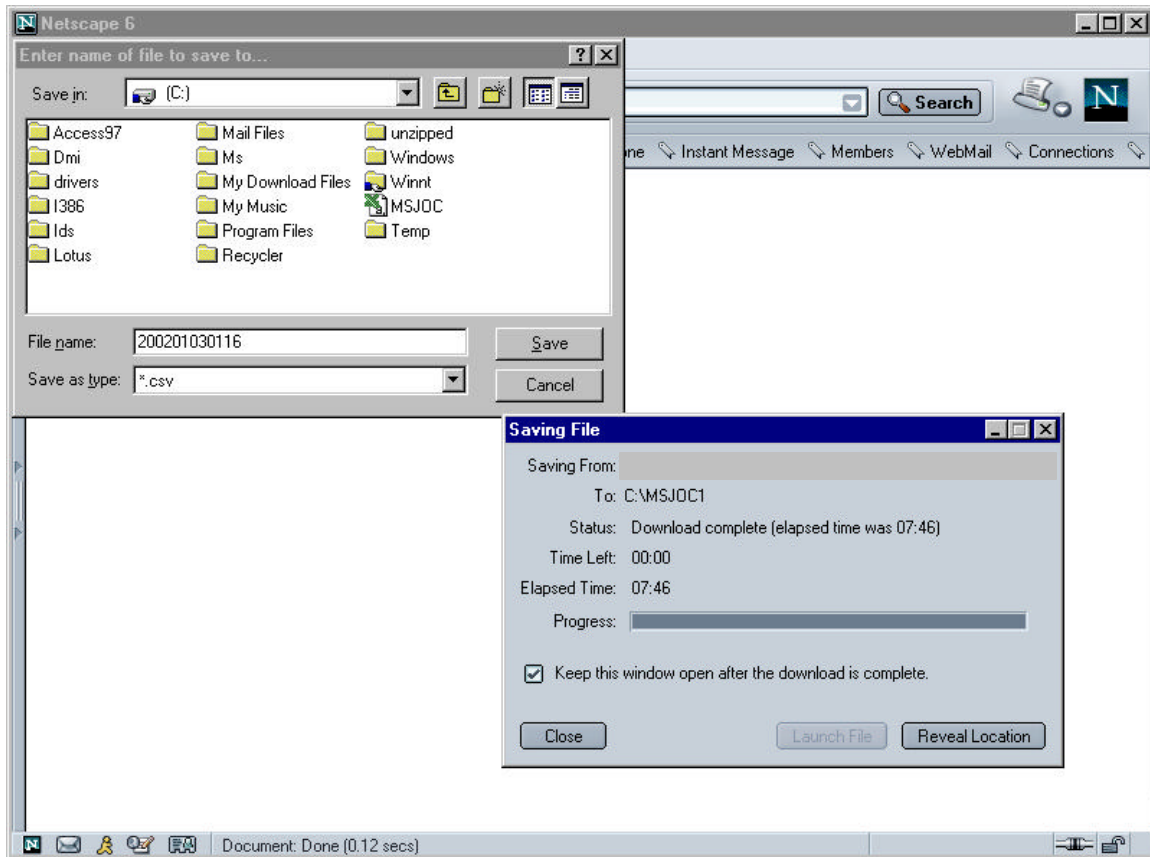

- Select the Save this file to Disk option.
- Click the **OK** button.
- Click the **Cancel** button. This will cancel the download of the selected equipment.

## INPUT DATA

- |                                    |  |
|------------------------------------|--|
| • Save in:                         | The directory where the file is saved.   |
| • File Name:                       | The name of the file.  |
| • Click on the <b>Save</b> button. | This will save the selected equipment file in the location chosen by the user. |
| • Click on the Cancel button.      | This will cancel the download of the selected equipment.                       |

After clicking on the OK button, the equipment will be downloaded to the desired location. When the download has completed, a dialog box will be displayed informing the user that the download has completed.

## INPUT DATA

- Click on one of the following buttons:
  - **Launch File** Opens the file.
  - **Reveal Location** Opens the directory that contains the file.
  - **Close** Closes the dialog box.

### 2.2.2 Item Name

Select Item Name on the NEMS Central Screening Menu to display a screen that allows the user to enter an item name.

The screenshot shows a web browser window titled "ITEM NAME - Microsoft Internet Explorer". The address bar is empty. The main content area features the NASA logo on the left and the text "NEMS CENTRAL SCREENING" in large blue letters. Below this is a blue navigation bar with the text "Item Name" on the left and links for "MENU", "HELP", and "EXIT" on the right. The main content area contains the instruction "Enter an asterisk(which searches for all the item name) OR Enter an Item Name:". Below this is a form with the label "Enter Item Name:" followed by a text input field. Under the input field are three buttons: "Reset", "Submit", and "Download". The status bar at the bottom shows "Done" and "Internet".

#### INPUT DATA

- Item Name
- Click **Reset** button.
- Click **Submit** button.
- Click **Download** button.

required

If an asterisk (\*) is entered then all values containing that value in the item name will be displayed.

If an asterisk (\*) is not entered then only equipment matching the item name will be displayed.

This button will clear the values entered in the Item Name field.

The list of equipment for the Item Name will be displayed.

A dialog box for downloading the selected Item Name will be displayed.

### 2.2.2.1 Item Name – Partial Name

### 2.2.3 Manufacturer Code

Select Manufacturer Code on the NEMS Central Screening Menu to display a screen that allows the user to enter the Manufacturer's Code.

The screenshot shows a web browser window titled "MANUFACTURER CODE - Microsoft Internet Explorer". The browser's address bar is empty. The main content area features the NASA logo on the left and the text "NEMS CENTRAL SCREENING" in a large, bold, blue font. Below this, a blue horizontal bar contains the text "Manufacturer Code" on the left and three links: "MENU", "HELP", and "EXIT" on the right. The main content area has a white background with the text "Please enter a Manufacturer Code." in blue. Below this text is a label "Enter Manufacturer Code:" followed by a text input field. Under the input field are two buttons: "Reset" and "Submit". Further down is a "Download" button. The browser's status bar at the bottom shows "Done" and "Internet".

#### INPUT DATA

- Manufacturer Code required  
Equipment with a Manufacturer's Code that matches the entered value will be displayed.
- Click **Reset** button.  
This button will clear the values entered in the Manufacturer Code field.
- Click **Submit** button.  
The list of equipment for the Manufacturer's Code will be displayed.
- Click **Download** button.  
A dialog box for downloading the Manufacturer's Code will be displayed.

### 2.2.5 Cost

Select Cost on the NEMS Central Screening Menu to display a screen that allows the user to enter a single Cost Amount or a range of Cost Amounts.

The screenshot shows a web browser window titled "COST - Microsoft Internet Explorer". The address bar is empty. The main content area features the NASA logo and the text "NEMS CENTRAL SCREENING". Below this is a blue navigation bar with the word "Cost" on the left and links for "MENU", "HELP", and "EXIT" on the right. The main text area contains the instruction: "Enter a Starting Cost for an Equal Search Or Enter a Starting Cost and an Ending Cost for a Range:". Below this instruction are two input fields: "Enter Starting Cost:" followed by a text box, and "Enter Ending Cost:" followed by a text box. Below the input fields are three buttons: "Reset", "Submit", and "Download". The status bar at the bottom shows "Done" and "Internet".

#### INPUT DATA

- Starting Cost required  
must be entered for single Cost Amount or Cost range
- Ending Cost optional  
must be entered for the ending value in the Cost range
- Click **Reset** button. This button will clear the values entered in the Starting Cost and Ending Cost fields.
- Click **Submit** button. The list of equipment for the Cost will be displayed.
- Click **Download** button. A dialog box for downloading the selected Cost is displayed.
